REGISTRATION

□ Students, who live 2.4 km or further from the school, qualify to register for bussing. This is done by completing the Agreement for Bus Service online and agreement for payment. The Transportation Fee is an annual amount with monthly payments permitted.

CREATING BUS ROUTES AND STOPS

Our bus routes are developed annually based on the registration information. Locations of routes and stops are determined by Calgary Girls' School in consultation with our carrier First Student.

The bus routes and stops are determined based upon the following criteria:

- the community of the student's primary residence(s) of those families who live beyond a 2.4 km radius from the school and within the city limits.
- Stops will not be created for extracurricular activities or at the parents'/guardian's workplaces. A student may, however, access such a stop if the said stop is concurrently used by another student as her primary stop.
- Stops are designed in nature to serve multiple families and communities. These stops may result in the need for parents to drive their daughter(s) to their bus stop in their home community. If there is no home community stop, a neighboring community stop may be assigned. **Stops are not necessarily created for every community in which a rider resides.**
- Calgary Girls' School does not offer door-to-door or near-to-door service, due to the distance the buses must travel and our requirement to maintain drive times and costs within policy guidelines.
- Bus service outside the City of Calgary is not provided. Parents are welcome, however, to drive their daughter to an existing stop within city limits.
- Students living in Calgary's further communities should expect minimum ride times of 60 – 75 minutes each way. This is a common driving time for Charter schools.
- Calgary Girls' School and First Student Transportation reserve the right to alter routes and stop locations during the school year to accommodate changing rider demographics and/or to improve the flow, timing or safety of a route and/or stop.
